Preemie Clothes

by "Preemie" by Ranenko
@ <https://ranenko.com>

One of the biggest moments in the NICU stay beyond successfully progressing through breathing assistance methods, navigating the recovery from procedures and health scares is the simple but defining moment of dressing your preemie in his/her first outfit.

Preemie, a company based in Ukraine that provides a variety of unique goods from blankets for the NICU to kangaroo care holders to clothing and more.

Preemie's clothing from onesies to hats to pants are unique and perfectly tailored for the NICU. They are soft and soothing for fragile skin and also accessible for various tubes and wires.

AFTER THE NICU:

Coming out of RSV Lockdown

As the weather turns warmer for many people across the globe, RSV season wains and preemie parents everywhere are rejoicing. Nervous about coming out of lockdown? You are not alone.

Baby Steps. Your baby and you will likely be overwhelmed by large groups of people. Take it easy and don't rush out to a large event first thing.

Vigilance is Key. Maybe your child's immune system is stronger but still maintain vigilance and if someone has a "small cold" steer clear. Also stay away from people smoking, too.
